## "The Prayer Of Afrika Bambaataa"

(feat. Afrika Bambaataa)

*[Afrika Bambaataa:]*

In the name of the force who is the source who is called by many names

Allah, Jehovah, Yahweh, Elohim, Jah, El Nu, El Kuluwm, The All

And as we give praise to the creator

And we give praise for all you human beings

Who's down here on this planet, so-called Earth

And to all the extraterrestrial beings

In other planets and other places and other dimensions

Throughout our universe of universes

I greet all of y'all with the greetings words of PEACE... *[echoes]*
